

OVER AND OVER

(V-1)

(C)The mightiest rivers on earth
Flow into the **(G)** sea
The heaviest ocean waves
Rise up to the sky
Kiss the heavens
Then fall down on **(C)** me

(V-2)

The terrors of nightmares in darkness roll into the **(G)** dawn
Where tears, heartache and sadness
Say their goodbyes
raise up and move **(C)** on

CHORUS

(F) Over and over we roll in the clover
Till the clover rolls over us **(C)** all
(F) Living and dying
Laughing and crying
Loving the way we must **(G)** fall
We're moving **(C)** on

(V-3)

Satellites circle our minds in the lines we have **(G)** drawn
Waiting for something to show us the path
That leads to another way **(C)** home

CHORUS

(F) Over and over we roll in the clover
Till the clover rolls over us **(C)** all
(F) Living and dying
Laughing and crying
Loving the way we must **(G)** fall

(REPEAT)

We're moving **(C)** on
